Enriched Classics offer readers accessible editions of great works of literature enhanced by helpful notes and commentary. When Gregor Samsa woke up one morning from unsettling dreams, he found himself changed in his bed into a monstrous vermin. So begins *The Metamorphosis*, one of the most recognizable opening lines in literature. The story of Gregor Samsa, a young man who, after transforming overnight into a giant, beetle-like insect, becomes an object of disgrace to his family, an outsider in his own home, and a quintessentially alienated man. One of the most widely read and influential works of twentieth-century fiction, *The Metamorphosis* is a harrowing yet absurdly comic meditation on inadequacy, guilt, and isolation. A work in which, in the words of Vladimir Nabokov, contrast and unity, style and matter, manner and plot are most perfectly integrated. Enriched Classics enhance your engagement by introducing and explaining the historical and cultural significance of the work, the author's personal history, and what impact this book had on subsequent scholarship. Each book includes discussion questions that help clarify and reinforce major themes and reading recommendations for further research. Read with confidence.
