

The Murder at the Vicarage: Complete & Unabridged

The first Miss Marple novel. The first of a new-look series of audio books for the 21st century. Beautifully re-packaged with stunning new cover illustrations and design that rival some of the best jackets and audio collections out there! Story telling at its best, that makes them a delight to listen to. Anyone who murdered Colonel Protheroe, declared the parson, brandishing a carving knife above a joint of roast beef, would be doing the world at large a service! It was a careless remark for a man of the cloth. And one which was to come back and haunt the clergyman just a few hours later. From seven potential murderers, Miss Marple must seek out the suspect who has both motive and opportunity.
