

Ancient History

An uninvited guest, entering the empty New York apartment of a man known to intimates as Dom, proceeds to write for his absent host a curious confession. Its close accounts of friendship since boyhood with two men surely unknown to Dom and certainly to each other is interleaved with the story of Dom himself. Ancient History is one of the only novels by Joseph McElroy to not have been re-issued in paperback, coming out alongside his new novel after a year-long re-introduction of his work to readers via eBooks.
