Billy Budd is a novella by American writer Herman Melville, first published posthumously in London in 1924. Melville began writing the work in November 1888, but left it unfinished at his death in 1891. It was acclaimed by British critics as a masterpiece when published in London, and quickly took its place among the canon of significant works in the United States. The plot follows Billy Budd, a seaman impressed into service aboard HMS Bellipotent in the year 1797, when the British Royal Navy was reeling from two major mutinies and was threatened by the Revolutionary French Republics military ambitions.
