

Plays by Anton Chekhov: Second Series (Classic Drama)

Plays by Anton Chekhov Second Series
Brand New Edition By Anton Chekhov
Translated, with an Introduction by
Julius West Anton Pavlovich
Chekhov; 29 January 1860 15 July 1904
was a Russian physician, dramaturge and
author who is considered to be among the
greatest writers of short stories in history.
His career as a dramatist produced four
classics and his best short stories are held
in high esteem by writers and critics.
Chekhov practised as a medical doctor
throughout most of his literary career:
Medicine is my lawful wife, he once said,
and literature is my mistress. Chekhov
renounced the theatre after the disastrous
reception of *The Seagull* in 1896, but the
play was revived to acclaim in 1898 by
Constantin Stanislavskis Moscow Art
Theatre, which subsequently also produced
Chekhovs *Uncle Vanya* and premiered his
last two plays, *Three Sisters* and *The
Cherry Orchard*. These four works present
a challenge to the acting ensemble as well
as to audiences, because in place of
conventional action Chekhov offers a
theatre of mood and a submerged life in the
text. Chekhov had at first written stories
only for financial gain, but as his artistic
ambition grew, he made formal innovations
which have influenced the evolution of the
modern short story. His originality consists
in an early use of the
stream-of-consciousness technique, later
adopted by James Joyce and other
modernists, combined with a disavowal of
the moral finality of traditional story
structure. He made no apologies for the
difficulties this posed to readers, insisting
that the role of an artist was to ask
questions, not to answer them.
