

Curious Encounters of the Human Kind - Borneo: True Asian Tales of Folly, Greed, Ambition and Dreams (Volume 4)

How has a town named after a female vampire ghost spawned an entire genre of kitschy horror films? Why did a quiet Swiss man choose to live rough in the rainforest with the semi-nomadic Penans - and what inner spirit drove him to fight a David vs. Goliath rebellion against timber tycoons and corrupt officials who were destroying the Penans forest home? Has White-Brown colonialism been replaced by Brown-Brown arrogance? What's the story of the grandmother who spits at meddling ghosts (but only because they spit first)? Why did the first White Rajah of Borneo amass a vast harem of concubines? What happened when I tried to ride the tidal bore that almost killed Somerset Maugham? In what way was an illiterate Borneo teenager instrumental in helping Alfred Russel Wallace develop the theory of natural selection? How close are we to orangutans, our poor cousins who look like they haven't done so well in life. This is Borneo as you've probably never imagined, full of memorable people, startling happenings, and unexpected moments of humanity and introspection, giddiness and solemnity, avarice and ambition. This book is one of five volumes in the Curious Encounters of the Human Kind series, featuring Myanmar (Burma), Indonesia, Southeast Asia, Himalaya, and Borneo. One reviewer said these books embody the humanity of Somerset Maugham, the adventure of Joseph Conrad, the perception of Paul Theroux, and a self-effacing voice uniquely his own. Another reviewer said the books reflect the spirit of Kipling in contemporary Asian journalism. Yet another reviewer notes that the Curious Encounters start out as intelligent travel writing, exploring hidden corners of Asia and characters very much out of the ordinary. But this series works on a more complex level: Sochaczewski frequently zooms in and out of left field with a curious tangent, a sensitive reminiscence, a

provocative opinion, a new way of looking at events that are already beyond most normal travelers tales.
