

## The Regent: Married Life (Denry Machin)

In this sequel to *The Card*, Edward Henry Machin (Denry Machin for short) continues his adventures and opportunism - from unexpected stock market gains to becoming the proprietor of a well known and respected London Theatre - where he finds that he is practically also a theatrical manager with a play to produce, artistes to engage, and the public to attract. Bennett succeeds as before in delighting the reader with his jocular humour and commentary upon human nature.
