

In Pursuit of the English: A Documentary

In Pursuit of the English is a novelists account of a lusty, quarrelsome, unscrupulous, funny, pathetic, full-blooded life in a working-class rooming house. It is a shrewd and unsentimental picture of Londoners youve probably never met or even read about--though they are the real English. The cast of characters--if that term can be applied to real people--includes: Bobby Brent, a con man; Mrs. Skeffington, a genteel woman who bullies her small child and flings herself down two flights of stairs to avoid having another; and Miss Priest, a prostitute, who replies to Lessings question Dont you ever like sex? with If youre going to talk dirty, Im not interested. In swift, barbed style, in high, hard, farcical writing that is eruptively funny, Doris Lessing records the joys and terrors of everyday life. The truth of her perception shines through the pages of a work that is a brilliantpiece of cultural interpretation, an intriguing memoir and a thoroughly engaging read.
