1+1 Classics Dubliners By James Joyce
Dubliners is a collection of 15 short stories by James Joyce, first published in 1914. They form a naturalistic depiction of Irish middle class life in and around Dublin in the early years of the 20th century. The stories were written when Irish nationalism was at its peak, and a search for a national identity and purpose was raging; at a crossroads of history and culture, Ireland was jolted by various converging ideas and influences. They centre on Joyces idea of an epiphany: a moment where a character experiences self-understanding or illumination. Many of the characters in Dubliners later appear in minor roles in Joyces novel Ulysses. The initial stories in the collection are narrated by child protagonists, and as the stories continue, they deal with the lives and concerns of progressively older people. This is in line with Joyces tripartite division of the collection into childhood, adolescence and maturity. Peter Pan By J. M. Barrie Peter Pan is a character created by Scottish novelist and playwright J. M. Barrie. A mischievous boy who can fly and never grows up, Peter Pan spends his never-ending childhood adventuring on the small island of Neverland as the leader of his gang, the Lost Boys, interacting with mermaids, Native Americans, fairies, pirates, and occasionally ordinary children from the world outside of Neverland. In addition to two distinct works by Barrie, the character has been featured in a variety of media and merchandise, both adapting and expanding on Barries works.
