

## The Eye of the Tiger

From bestselling novelist Wilbur Smith, *The Eye of the Tiger* is an exciting adventure set amongst the peaceful islands of the Indian Ocean, where a man's past returns to hunt him down. I was looking down, watching the shark come. It seemed to swell up in size as it rushed towards me. Every detail was burned into my mind in those frantic seconds. I saw the hogs snout with the two slotted nostrils, the golden eyes with the black pupils like arrowheads, the broad blue back from which stood the tall executioner's blade of the dorsal fin. Harry Fletcher, a man with a chequered past, has reformed and is making an honest living as a charter skipper fishing for big game in the seductive waters of the Indian Ocean. Suddenly men from the world of violence Harry has put behind him overturn his good intentions, involving him in a hectic race to recover a fabulous treasure from an ancient wreck. Wilbur Smith is one of the benchmarks against whom others are compared *The Times*
