

Germinal (Spanish Edition)

Germinal (1885) es la decimotercera novela de los veinte volúmenes que Emile Zola escribió dentro de la serie Les Rougon-Macquart. Se suele considerar que es una de las mejores novelas jamás escritas en francés. La novela es una dura y realista historia sobre una huelga de mineros en el norte de Francia en la década de 1860. Ha sido publicada y traducida en más de cien países y ha servido para inspirar cinco adaptaciones cinematográficas y dos producciones de televisión. La historia se desarrolla en Francia, en un pueblo donde la vida gira en torno a las minas de carbón, lugar de donde la mayor parte de las familias obtienen sustento de estas; cada miembro de las familias que ahí trabajan se vuelve virtualmente esclavo de la mina, obteniendo salarios de miseria, desgastándose y corriendo el riesgo de no volver a casa en cada momento del día.
