

Captains Courageous Great Illustrated Classics

Growing Up At Sea! Bored and lonely, the son of a millionaire is on an ocean voyage. Bragging and boasting to the other passengers, he is suddenly swept overboard. He is rescued by a small fishing boat. Here his money is useless, and idleness unheard of. Harvey must work with the others at their dangerous trade to earn his keep. He learns a way of life where money cannot buy everything, and a mans worth lies in who he is, not what he owns. Learning, discovery and danger all come together to bring a boy to manhood.
