

GULLIVERS TRAVELS (non illustrated)

Jonathan Swift's *Gulliver's Travels* follows several voyages of Lemuel Gulliver, a ship's surgeon, who, because of a series of mishaps, repeatedly ends up on several uncharted islands among people and animals of unusual sizes, behaviors, and philosophies. Somehow, Gulliver always manages to return home before setting out again on a new voyage. Jonathan Swift wrote *Gulliver's Travels* as a parody of voyage literature and to attack what he considered the people's most conspicuous vices. (non illustrated)
