

Tropical Daze (Jack Stevens Adventures Book 2)

Amy Larkin disappeared after she and Jack Stevens successfully completed a secret CIA mission into Cuba. But is she alive or dead or being held captive by sinister forces with ulterior motives? Is the CIA misdirecting Jack in his search for Amy? Jack's obsession in finding the woman he loves takes a fateful turn when two strange young men show up and hire his charter boat. This ill-fated voyage lands Jack in a tiny rat-infested cell in Central America. Here his search for Amy will be over unless he agrees to a drug lord's demands. If he makes the wrong decision not only will his search to find Amy end but so will the life of Jack Stevens.
