

Jude the Obscure

Jude Fawleys hopes of a university education are lost when he is trapped into marrying the earthy Arabella, who later abandons him. Moving to the town of Christminster where he finds work as a stonemason, Jude meets and falls in love with his cousin Sue Bridehead, a sensitive, freethinking New Woman. Refusing to marry merely for the sake of religious convention, Jude and Sue decide instead to live together, but they are shunned by society and poverty soon threatens to ruin them. Jude the Obscure, Hardys last novel, caused a public furore when it was first published, with its fearless and challenging exploration of class and sexual relationships.
