

Kimchi with Everything: A Year in the Life of a TEFL Teacher

Kimchi with Everything is the tale of a year in the life of a TEFL teacher based at a local hagwon (language school) in the small town of Kanghwa, South Korea. This diary relates to events both inside and outside of the classroom during the course of that year, describing the highs and lows of classroom teaching, alongside coming to terms with the cultural values, traditions and beliefs that form the backbone of South Korean society. This entertaining and informative journal will give you an insight into TEFL teaching abroad and all that it entails.
