

Lonely Planet Watching Wildlife Southern Africa (Travel Guide)

Lonely Planet: The worlds leading travel guide publisher Get up close and personal with Southern Africas amazing wildlife with this all-in-one safari guide. Cheetah and springbok race in a 100km/hour sprint to the death in the Kalahari; a vast grey mass of elephants surround you on their way to the riverbank; a million flamingos lay a pink blanket over the mudflats. Whether youre on a top-shelf luxury safari or going it alone in a rented minivan, prepare for the wildlife experience of your life. This guide covers South Africa, Namibia, Botswana, Zimbabwe, Malawi and Zambia. What do you want to see? Highlights and customised itineraries give you the top wildlife experiences Plan your safari with practical advice from Lonely Planets Africa experts Discover whats where and how to find it - in-depth coverage of the major parks and reserves Be first to name-check a samango monkey with our essential wildlife-spotting guide Lonely Planet gets you to the heart of a place. Our job is to make amazing travel experiences happen. We visit the places we write about each and every edition. We never take freebies for positive coverage, so you can always rely on us to tell it like it is. Authors: Written and researched by Lonely Planet, Matthew D. Firestone, Mary Fitzpatrick, Nana Luckman, and Kate Thomas. About Lonely Planet: Started in 1973, Lonely Planet has become the worlds leading travel guide publisher with guidebooks to every destination on the planet, as well as an award-winning website, a suite of mobile and digital travel products, and a dedicated traveller community. Lonely Planets mission is to enable curious travellers to experience the world and to truly get to the heart of the places they find themselves in. TripAdvisor Travelers Choice Awards 2012 and 2013 winner in Favorite Travel Guide category Lonely Planet guides are, quite simply, like no other. - New York Times Lonely Planet.

Its on everyones bookshelves; its in every travellers hands. Its on mobile phones. Its on the Internet. Its everywhere, and its telling entire generations of people how to travel the world. - Fairfax Media (Australia)
