

Mescalito

Capturing the essence of Hunter S. Thompson's Gonzo style, short story Mescalito details his dark and miserably comic first mescaline drug trip. First published in *Songs of the Doomed*, Mescalito suggests the nascent ideas and energy of Thompson's seminal work on the 60s experience, *Fear and Loathing in Las Vegas*. We live in a jungle of pending disasters, the author warns. Alone in a hotel room in Los Angeles in February, 1969, Thompson's alter-ego Duke sustains a fever-pitched bout of paranoia so dark and depraved, it would make most mortals run fast?and far?from this kind of suicidal experimentation.
