

Yellowstone on a motor scooter: Riding through Americas most-loved park

People ride motorcycles through Yellowstone National Park, Americas most-loved park, every day. So why not motor scooters! Though not as powerful as motorcycles, scooters are still capable of being ridden in the park. The author spent a week in September 2011 riding through Yellowstone on her 125cc scooter. This book gives scooter riders an idea of what they can expect if they decide to do this. The author provides a section by section review of the roads and what to see along the way.
