

Main Street

Main Street, the story of an idealistic young woman's attempts to reform her small town, brought Lewis immediate acclaim when it was published in 1920. It remains one of the essential texts of the American scene. Lewis Mumford observed: In Main Street an American had at last written of our life with something of the intellectual rigor and critical detachment that had seemed so cruel and unjustified [in Charles Dickens and Matthew Arnold]. Young people had grown up in this environment, suffocated, stultified, helpless, but unable to find any reason for their spiritual discomfort. Mr. Lewis released them.
