

She and Allan Quatermain Series Book 11 (Volume 11)

A long while ago I jotted down in it the history of the events that it details with more or less completeness. This I did for my own satisfaction. You will have noted how memory fails us as we advance in years; we recollect, with an almost painful exactitude, what we experienced and saw in our youth, but the happenings of our middle life slip away from us or become blurred, like a stretch of low-lying landscape overflowed by grey and nebulous mist. Far off the sun still seems to shine upon the plains and hills of adolescence and early manhood, as yet it shines about us in the fleeting hours of our age, that ground on which we stand to-day, but the valley between is filled with fog. Yes, even its prominences, which symbolise the more startling events of that past, often are lost in this confusing fog.
