

The Hound of the Baskervilles: Code Keepers - Secret Personal Diary (Code Keepers Diary) (Volume 3)

Hidden in plain sight! A secret personal diary disguised as a classic work of literature. Keep all of your diary entries hidden, cleverly disguised so prying eyes will never find them. Works perfectly when placed on a bookshelf among other books. Continues to work even if you just leave it out on your desk. Prying eyes will never discover your secret stash of personal thoughts. This book contains the entire text of *The Hound of the Baskervilles*, the classic Sherlock Holmes mystery by Sir Arthur Conan Doyle. The book was written in 1902, but it remains an enjoyable mystery to solve. The cover of the original first edition printing was painstakingly restored for use in this new paperback edition. In the middle of the book you will also find pages specifically designed to be used as a secret personal diary. Each page of the diary contains lined spaces for writing your personal thoughts. A date box at the top of each page keeps your entries organized. Numbered diary pages let you reference your entries. A decorative border dresses up your diary pages.
