

Tess of the Durbervilles (Audiobook) (Talking Classics)

The audio of the original novel written in 1891; the novel is set in impoverished rural Wessex during the Long Depression. Tess is the eldest child of uneducated rural peasants. One day, Parson Tringham informs her father, John Durbeyfield, that he has noble blood. Tringham has discovered that Durbeyfield is a corruption of Durberville, the surname of a noble Norman family, now extinct. Martin Shaw narrates the tale of Tess and her life.
