

## The Children (Virago Modern Classics)

A bestseller when it was first published, *The Children* is a comic, bittersweet novel about the misadventures of a bachelor and a band of precocious children. The seven Wheeler children, stepbrothers and stepsisters grown weary of being shuttled from parent to parent are eager for their parents latest reconciliation to last. A chance meeting between the children and the solitary 46-year old Martin Boyne leads to a series of unforgettable encounters.
