

## The Coming of Winter (New Canadian Library)

David Adams Richards finds universal truths in the very particular setting of New Brunswicks Miramichi Valley. This, his first novel, provides a window upon a world that is as unsettling, as uncontrollable, and as inescapably authentic as a sudden brawl. The frustrations of the community are brought into focus in the plights of 20-year-old Kevin Dulse, his family, and especially his wild young friends. An intensely realistic story, it stands firm upon its engaging, unaffected characters and the raw talent of its then 22-year-old author.
