

Last of the Mohicans Great Illustrated Classics

A Noble Friendship! Hawkeye, the colonial scout, and Chingachkook, the Mohican warrior are brought together by their love of the New World forests and their desire for peace between their races. Set against the exciting days of the French and Indian War, their story - heroically risking their lives to guide two English sisters through hostile territory battling the evil Le Renard Subtil - is a story of how trust and understanding can develop between people of two cultures.
