

The Pioneers: Or, The Sources of the Susquehanna (Annotated)

The Pioneers, or The Sources of the Susquehanna; a Descriptive Tale is a historical book by American writer James Fenimore Cooper. It was the first of five novels known as the Leatherstocking Tales. Published in 1823, the period it covers makes The Pioneers the fourth chronologically in terms of the novels plots. The tale takes place on the rapidly advancing frontier of New York State and features an elderly Leatherstocking (Natty Bumppo), Judge Marmaduke Temple of Templeton (whose life parallels that of the authors father Judge William Cooper), and Elizabeth Temple (based on the authors sister, Hannah Cooper), daughter of the fictional Templeton. The story begins with an argument between the judge and Leatherstocking over who killed a buck. This edition has been formatted for your Kindle, with an active table of contents. It has also been annotated, with extensive additional information about the work as well as James Fenimore Cooper, including an overview, plot, analysis, characters, biographical and bibliographical information.
