

The Unknown O'Neill: Unpublished or Unfamiliar Writings of Eugene O'Neill

An important edition of the famed playwrights little-known works of the imagination and his principal critical statements, most of which have not been published previously. Edited and introduced by eminent O'Neill scholar Travis Bogard, the pieces -- mostly early works -- shed valuable light on O'Neill's artistic development. Included are a four-act tragedy; the original version of Marco Millions; a dramatic adaptation of The Rime of the Ancient Mariner; two short stories; several critical pieces; and more.
