

## The Voyage of the Dolphin

Ernest Shackleton meets P.G. Wodehouse in this heart-warming tale of three men in a ship (to say nothing of the dog, a foul-mouthed Scotsman and an iguana). It starts in Dublin in the spring of 1916: while war rages across Europe and rebellion threatens the Irish capital, three young college friends embark on a foolhardy seafaring mission to find the lost skeleton of an Irish giant. With mishaps, mischief, and a little romance, their voyage is a hilarious odyssey round the edges of history and into a curious, wonderful adventure that will change their lives forever.
