

Titus Andronicus (c OET t Oxford English Texts)

The text of this edition of *Titus Andronicus*, based on the Quarto of 1594 except for one scene (3.2) which first appeared in the Folio of 1623, has been freshly edited with the aim of presenting the play as revised for the first recorded performances in 1594, with the addition of stage business from the prompt-copy from which the folio edition derives.
