

The Story Of The Duchess Of Cicogne And Of Monsieur De Boulingrin (French)

THE story of the Sleeping Beauty is well known; we have excellent accounts of it, both in prose and in verse. I shall not undertake to relate-it again; but, having become acquainted with several memoirs of the time which have remained unpublished, I discovered some anecdotes relating to King Cloche and Queen Satine, whose daughter it was that slept a hundred years, and also to several members of the Court who shared the Princesss sleep. I propose to communicate to the public such portions of these revelations as have seemed to me most interesting.
