

## I See Santa Fe! A Childrens Guide

This thirty-two page childrens guide is directed toward children, rather than their parents. Simple, child-like, black-and-white drawings (with splashes of color in the ebook, while the print edition also serves as a coloring book) illustrate the sights, sounds, smells, tastes, and feel of old Santa Fe: adobe walls, chile ristras, the Santa Fe River and Plaza, pottery and rugs, statues and fountains, tortillas and sopailas, pinon smoke and pigeons. Should delight any child under ten, according to The New Mexico Magazine. Perfect to prepare young children for a trip to Santa Fe, or as a souvenir of a wonderful visit.
