

Ulysses (Annotated): The most acclaimed book of the 20th century

Inspired by Homers Odyssey, Ulysses is set in Dublin and follows the adventures of Leopold Bloom and his friend Stephen Dedalus, throughout June 16th, 1904. Like the Homeric Odysseus, Bloom must overcome numerous obstacles and temptations to return to the apartment in Eccles Street, where his wife, Molly, awaits. To create this rich and vibrant character, Joyce mixed numerous styles and cultural references, in a kaleidoscope of voices and tones, in such a way that still challenges generations of readers and scholars around the world. The cult around Ulysses began even before its publication in book form, when excerpts from the novel began to appear in a U.S. literary journal. Because of these passages, Ulysses was even banned in the United States, on charges of obscenity, triggering a lengthy legal war, which would be resolved only eleven years later, with the release of the novel on American soil. But beyond all the disputes and controversies, Ulysses remains a groundbreaking novel, stretching and shaping the English language to its limits, in order to achieve a faithful, witty and moving portrait of what is conventionally called the modern man. Cascais Classic Editions is proud to offer you the best Kindle edition of this literary classic featuring one of the most acclaimed stories of the 20th century. About us: Cascais Classic Editions is a small family business, guided by classic values, and passionate by literature . Our aim is to bring back the most wonderful classics of all times, in the best formats possible and without any compromise on quality, both as eBooks and in printed form. In our Cascais Classic Editions, you will find rich introductions and notes, written by experienced scholars and experts, making our books invaluable for students and fascinating to the general reader.
