

# Waiting

In *Waiting*, Ha Jin portrays the life of Lin Kong, a dedicated doctor torn by his love for two women: one who belongs to the New China of the Cultural Revolution, the other to the ancient traditions of his family's village. Ha Jin profoundly understands the conflict between the individual and society, between the timeless universality of the human heart and constantly shifting politics of the moment. With wisdom, restraint, and empathy for all his characters, he vividly reveals the complexities and subtleties of a world and a people we desperately need to know.--Judges Citation, National Book Award Ha Jin's novel could hardly be less theatrical, yet were immediately engaged by its narrative structure, by its wry humor and by the subtle, startling shifts it produces in our understanding of characters and their situation.--The New York Times Book Review
