Ko Huidal about Queen SU nbetfa, I hope? Tu Oiino INTBODUCTION (1831.) A CERTAIN degree of success, real or supposed, in the delineation of Queen Mary, naturally induced the author to attempt something similar respecting her sister and her foe the celebrated Elizabeth. He will not, however, pretend to have, approached the task with the same feelings; for the candid Robertson himself confesses having felt the prejudices with which a Scotsman is tempted to regard the subject; and what so liberal a historian avows, a poor romance-writer dares not disown. But he hopes the influence of a prejudice, almost as natural to him as his native air, will not be found to have greatly affected the sketch he has attempted of England Elizabeth. I have endeavoured to describe her as at once a high-minded sovereign, and a female of passionate feelings, hesitating betwixt the sense of her rank and the duty she owed her subjects on the one hand, and on the other, her attachment to a nobleman, who, in external qualifications at least, amply merited her vour.
