

Bitterroot

Billy Bob Hollands friend, Doc Voss, has been battling against a local mining company whose operations would severely threaten the areas economy. Despite Voss's best efforts, the mining interests make it clear that they will resort to any means to see that Voss backs off. What Billy Bob doesn't know is that one member of the pro-mining faction is Wyatt Dixon, a recent prison parolee intent on exacting revenge for his imprisonment and his sister's death, both events he believes were Billy Bob's doing. His apparent support of the mining company is merely a clever cover for his plan to silence Billy Bob for good.
