

What Maisie Knew (Dover Books on Literature & Drama)

At first, Maisie didn't know much she was only six years old when her mother and father divorced. Her embittered parents shared custody, using the child as a pawn in their struggles. Neglected and exploited, Maisie shuttled back and forth between their homes. The things she saw and overheard, as her elders re-married and conducted adulterous affairs, hastened her advance from early childhood to a precocious maturity. Rather than offering a gloomy tale of innocence corrupted, *What Maisie Knew* abounds in dark humor and savage wit. Henry James takes particular aim at the mores of the English upper classes in his tale of a sensitive little girl and her spirited reaction to irresponsible, self-absorbed adults. Written in an era when divorce was far less common than it is today, this 1897 novel is strikingly modern in its subject and narrative voice.

Format: Paperback Condition: New!
